

RI, MA, and WI's #1 Pet Service

At Tails N' Trails, our objective is to give pet owners peace of mind knowing their companions are in the best of care.

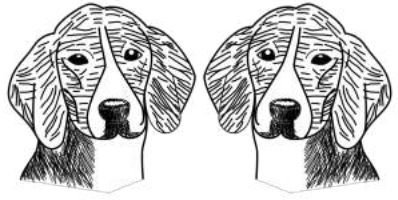

About Us

www.tailsntrailspets.com

Tails N' Trails, a woman-owned and operated business, has been revolutionizing the east coast's pet care industry for 8+ years. With overwhelming demand for our services, we've expanded our brand to Milwaukee, WI and Worcester, MA - all starting from our first location in Providence, RI. Our Providence, RI location now expands across the entire of Rhode Island!

TAILS N' TRAILS

TAKING CARE OF YOUR BEST FRIEND

We aren't just dog walkers — We're dog trainers.

**Not your average dog
walkers.**

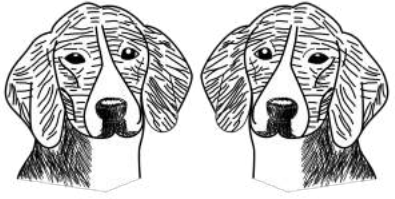

This allows us to better understand how to offer the absolute best individualized care for each dog's particular needs. We are the only dog walking service in your area that goes above and beyond in this way to ensure knowledgeable and professional care for your beloved pets!

Our team of walkers have bi-monthly training sessions with master trainer, Chris Maynard. This ensures we are always equipped for any and all situations that may arise in our day to day.

We strive to build a relationship with your pet, which helps us build a foundation of trust to pave the way for obedience, leash etiquette, recall practice, and proper socialization.

Unlike other companies who often have many different walkers in and out of your home, Tails N' Trails sets you and your pet up with one to two walkers so you can build a long term relationship with your pet's caretaker. We additionally offer in home sitting in clients homes, as well as boarding in your given walker's home.

Our Services

We have updated the traditional doggy daycare by removing the impersonality that comes with a daycare facility. Our daycare entails us picking your dog up for intervals of 3, 6, or 9 hours and bringing your best friend along on scheduled walks, hikes, and trips to local parks for an adventure filled day. Additionally, we offer small group off-leash hikes in wooded areas, for dogs that have proper recall training and love to run free.

Reviews

I'm extremely happy with not only the care our dog has received but also the personality he has developed through their daycare program. ★★★★★ - **Ryan P.**

Sometimes life throws you a curveball & you need help to get through the consequences. When I broke my ankle in February, I wasn't able to walk my Golden Retriever Hattie for several weeks. As luck would have it, though, I had met Cassady of Tails N' Trails at my local dog park the week before my accident. For the past several weeks Hattie has been having a blast and getting much-needed exercise and socialization with Cassady & her other canine charges. Although I can finally ditch my crutches and ortho boot, Hattie will continue to spend two days a week with Tails N' Trails. They have been a godsend. Thank you! ★★★★★ - **Rebecca B.**

Carolina cared for my cat Bruce while I was away for a long weekend. Bruce doesn't handle it well when I'm gone, so it can certainly be stressful for me leaving him! Carolina sent me updates every day along with pictures which helped put me at ease. When I came home Bruce was his normal happy self thanks to Carolina! I'm sure he will be looking forward to her next visit! ★★★★★ - **Jenn C.**

The Tails N' Trails team offers a service to walk your dog and take them on adventures during the day when you can't. I have been so happy with this service since we signed up with them. Cassady is the primary walker for my dog and has been very flexible with scheduling the dog walks. She always walks her with other dogs and sends me updates of the fun they are having that make my day. This service gives me a great peace of mind that instead of feeling guilty for leaving my dog at home all day, I can trust that Cassady will pick her up in the afternoon to exercise and socialize her with other dogs. ★★★★★ - **Emma R.**

MADE WITH LOVE IN SMALL BATCHES

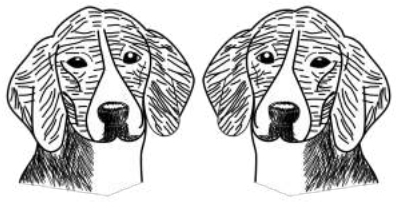

FULL SPECTRUM HEMP PRODUCTS

www.cbdelicacy.com
